

18.09.2018.

9,45-13,30 I session

9,45-10,00 Opening

10.00-10.30

Anthony Sécher (Bordeaux, France), Mathieu Langlais (Bordeaux, France)

What's up with the Early Middle Magdalenian in south-west of France (19,5-17,5 cal ky BP). New data from Lithic Technology and Palaeogeography Studies.

10.30-11.00

Andreas Maier (Erlangen, Germany)

On the chronological and chorological significance of lithic triangles in Magdalenian assemblages

11.00-11.30

Amira Adaileh (Erlangen, Germany)

More than lithic triangles? Typological and technological insights from Vilshofen-Kuffing.

11.30-12.00 Coffee break

12.00-12.30

Yuri E. Demidenko (Kyiv, Ukraine), Andreas Maier (Erlangen, Germany), Petr Škrdla (Brno, Czech Republic), Joseba Rios-Garaizar (Burgos, Spain) & Thomas Einwoegerer (Vienna, Austria).

Possible contributions of Central European LGM-industries to the formation of the Badegoulian

12,30-13.00

Sebastian J. Pfeifer (Jena, Germany)

Next stop: Kniegrotte? On the possibility of a Magdalenian à navettes in Eastern Germany

13.00-13.30

Sebastian Szyja (Köln, Germany)

Backed bladelets from the Magdalenian open air site of Bad Kösen-Lengefel

13.30-14.00 discussion

14.00-15.30 Lunch break

II Session 15.30-18.00

15.30-16.00

Pierre-Antoine Beauvais (Toulouse, France)

Procurement strategies of siliceous raw material during the Late Glacial in the Rhône valley; A techno-economic approach to the study of an Upper Magdalenian lithic assemblage from La Baume d'Oulen (Ardèche, France).

16.00-16.30

Denise Leesch (Neuchâtel, Swiss)

Are there different utilizations of open-air and rock shelter locations within the mobility system of the Magdalenian groups in Switzerland?

16.30-17.00

Elisa Caron-Laviolette (Paris, France) , Mara-Julia Weber (Schleswig, Germany), Olivier Bignon-Lau(Paris, France) , Christine Chaussé(Paris, France) , Yann Le Jeune (Paris, France), Marianne Christensen (Paris, France), Isabelle De Miranda (Paris, France) , Dominique Gagnard (Paris, France), Ludovic Mevel(Paris, France) , Monique Olive (Paris, France), Boris Valentin (Paris, France)

New locus, new insights, new perspectives: unexpected aspects of Magdalenian life at Etiolles

17.00-17.30

Mara-Julia Weber (Schleswig, Germany), Elisa Caron-Laviolette (Paris, France), Ludovic Mevel (Paris, France), Olivier Bignon-Lau (Paris, France), Christine Chaussé (Paris, France), Marianne Christensen (Paris, France) , Isabelle De Miranda (Paris, France), Dominique Gagnard (Paris, France), Yann Le Jeune (Paris, France) , Monique Olive (Paris, France) , Boris Valentin (Paris, France)

And now for something (not) completely different: Magdalenian variability at Etiolles and beyond

17.30-18.00 discussion

19.00 Party

19.09.2018

III session 9.30-13.30

9.30-10.00

Karolina Szpunar (Rzeszów, Poland)

The hearths in sites of Magdalenian Culture in the eastern part of Central Europe

10.00-10.30

Andrzej Wiśniewski (Wrocław, Poland), Marcin Chłoń (Wrocław, Poland), Zofia Różok (Wrocław, Poland), Bernadeta Kufel-Diakowska (Wrocław, Poland)

Place of provisioning of rocks? A case study of Magdalenian site Sowin 7

10.30.-11.00

Zdeňka Nerudová (Brno, Czech Republic) , Martin Moník (Brno, Czech Republic), Petr Schnabl (Brno, Czech Republic)

Balcarka cave: old excavations - new ideas...

11.00-11.30 coffee break

11.30-12.00

Bolesław Ginter (Kraków, Poland), Marta Połtowicz-Bobak (Rzeszów, Poland)

Spatial and functional differentiation of the Magdalenian site Dzierżysław 35 (Silesia, Poland)

12.00-12.30

Dariusz Bobak (Rzeszów, Poland), Bernadeta Kufel-Diakowska, Maria Łanczont, Adam Nowak(Rzeszów, Poland) , Przemysław Mroczek, Marta Połtowicz-Bobak(Rzeszów, Poland) , Karol Standzikowski

Wierzawice 31 - the Late Magdalenian campsite in south-east Poland

12.30-13.00

Yuri E. Demidenko (Kyiv, Ukraine)

Magdalenian in Eastern Europe: a myth, reality or just some elements?

13.30-14.00

Marcus Wild (Schleswig, Germany)

Hamburgian: chronology – territory – settlement structures

14.00-14.45

Discussion and concluding remarks

14.45-16.30 lunch break

16.30

Poster session and presentation of lithic materials

Posters

Tadeusz Wiśniewski (Lublin, Poland)

Stare Baraki. A new Magdalenian site in eastern Poland.

Alexandre Astier (Toulouse, France)

Societies with variable geometries. Survey of the organisation of territories and migrations of prehistoric groups who lived between 19 000 and 13 000 cal. BP in the western center of France, from the Atlantic to the Massif Central. Techno-economic comparative analysis based on Magdalenian lithic industries

Magdalena Sudoł-Procyk (Toruń, Poland), Grzegorz Osipowicz (Toruń, Poland)

A new Magdalenian site in Kleszczowa (Polish Jura). Technology and use of artifacts.

20.09.2018

Trip to Sanok (9.00-19.00)
